Sharing Ideas to Care for Creation

We are all blessed by the beauty and plenty of God's creation. Many Westminster members are increasingly aware of the need to live more sustainably if our grandchildren are to have the same experience of creation that we enjoy. They have consciously applied creativity and effort in their daily lives to live more sustainably.

Creation Stewardship wants to facilitate sharing ideas with each other, so we can all do a more effective job of caring for creation.

If you are willing to participate, please jot down and send us one of your family's sustainable practices and, if you like, how it might help care for God's creation. Include your name if you're willing to be identified, so we can talk with each other about what we are doing.

Email your sustainable living idea to WESTMINSTERPCCS@aol.com and we will share it on the [Creation Stewardship](#) page of WPC online and also on the Creation Stewardship bulletin board. Originality not required.

Genesis 2:15 - *The Lord God took the man and put him in the garden to till it and keep it.*

Library Resource

[*Made for Goodness: And Why This Makes All the Difference*](#) by Desmond Tutu and Mpho Tutu.

Writing with his daughter, Archbishop Tutu argues that God has made us for goodness, and when we simply start walking in the direction of this calling, God is there to meet us, encourage us, and embrace us. This 2010 bestseller offers a message of hope to transform readers into activists for change and blessing.
